

Innovation Challenge Pori Contract

25.11.2019

Parties

Boost Turku ry

City of Pori

Terms and conditions of the contract

Boost Turku will, together with students and other collaborators in Pori, lead the creation of a hackathon in Pori. The hackathon is planned for 28-29.11.

Additionally, this hackathon's purpose is to serve as a catalyst for the creation of the Pori Entrepreneurship Society. Boost will be helping to officially found it after the event.

Corporate partners will provide challenges that the hackathon participants will generate solutions for. There will be an approximate 40 students hacking the challenges in over ten teams.

For this hackathon and supporting activities, City of Pori will provide Boost Turku with a total of 5000 €. In case there is surplus left from the mentioned activities, this will be transferred to the Pori Entrepreneurship Society, once founded.

Turku 25.11.2019
